Sir:

We received a Notice of Allowability in the above-identified case mailed on November 2, 2005. In the Notice of Allowability, the box which states that

certified copies of the priority document was received was not checked and it is respectfully requested that a new Notice of Allowability be sent which has that box checked. The priority document should have been received from the International Bureau and also was sent to the USPTO on April 8, 2005 when priority was perfected in this case.

Also, the USPTO has not officially approved the drawings in the above-identified application and it is respectfully requested that they be officially approved, especially since a replacement sheet was filed on December 28, 2004.

Respectfully submitted,
